Skills and Relevant Coursework

- Software: SolidWorks, HTML/CSS
- Course: M20 (MATLAB), MAE 105A (Thermodynamics), MAE 103 (Fluid Mechanics).
- Languages: English (fluent), Spanish (fluent)

Technical Projects

Mars Rover Project, 2024 UCLA HAcK Competition **Summer 2024**

- Competed in a 48-hour design challenge to develop a remotely controlled rover equipped with a working humidity/temperature sensor, ultrasonic sensor, and camera, all accessible through a custom-built website.
- Led the CAD team in designing the rover's chassis and played a key role in iterating and refining the design of the claw and arm mechanisms used for payload retrieval.
- Submitted a design review presentation to a panel of judges, received honorable mention for manufacturing skills.

Group Mid-Powered Rocket Project, ENGR-1RK, UCLA **Fall quarter 2024**

- Led the design, construction, and testing of a G-class rocket as part of a team of 3 students, using CAD/SolidWorks for the design process and Open Rocket for simulation and analysis.
- Manufactured rocket components using fiberglass layups, laser-cut materials, and 3D-printed parts while adhering to strict tolerances.

Work Experience

Mathematics Tutor at (MESA) ELAC **July 2023 – Sep 2024**

- Tutored Mathematics, Chemistry, and Physics, collaborating with staff to enhance student success.

Shift Lead at McDonald's **Aug 2022 – July 2024**

- Supervised daily operations during shifts, coordinating team activities to maintain efficiency and service quality.

Merchandise Associate at MARSHALLS LLC **July 2021 – Aug 2022**

- Consistently recognized as a top performer in credit card sign-ups, earning the store's all-time record.
